Meriç Lomlu

Software Engineer, focused on frontend

Istanbul, Türkiye · mericlomlu@gmail.com · mericlomlu.com · linkedin.com/in/mericlomlu · github.com/mericlomlu

PROFILE

Software Engineer focused on frontend, with 4 years of production experience building web and mobile products using React, Next.js, React Native, and TypeScript. Experienced in reusable component systems, maintainable frontend architecture, and cross functional collaboration.

EXPERIENCE

Frontend Developer · Jan 2023 - May 2026
Venhancer · Istanbul, Türkiye

– Shipped web, mobile (React Native), and CMS platforms for clients in banking and insurance.
– Architected shared component systems and reusable layouts that reduced new feature delivery time across projects.
– Authored a custom npm package enabling content editors to compose fully functional CMS pages independently.

Frontend Developer · Aug 2022 - Jan 2023
Societa · Dubai, UAE

– Built an OCR based identity verification flow with Tesseract.js for on site access management.
– Contributed to early stage development of an internal social platform.

Software Developer Intern · Apr - Jun 2022
Moving Targets Consulting GmbH · Berlin, Germany

– Contributed to frontend development within an international consulting team.

Software Developer Intern · Dec 2021
Koç University · Istanbul, Türkiye

– Completed a research focused software development internship.
